

# Vet HF

## Digital Electro Surgery Units

**Excellent performance • Excellent price**

### Vet HF-M

Microprocessor-controlled monopolar electro surgery unit

Safe and reliable device

For little or medium surgery

### Features:

- Maximal output power: 100 Watt
- 4 operation modes:
  1. CUT - smooth cutting mode
  2. CUT1 - cutting with heightened degree of homeostasis
  3. COAG1 - forced (standard) coagulation
  4. COAG2 - soft coagulation
- Independent control cut / coagulation
- Digital display from actual setting
- Automatic saving of the last settings
- Control with a foot switch
- Sensor for alarm indication in case of an overheating or a technical defective, automatic control of the neutral electrode
- Auto-Diagnostic
- Acoustic and visual alarm

### Technical Data:

Accessories:	Footswitch, reusable handle, 7 active electrodes, neutral plate and main power cable
Working frequency:	500 KHz
Modulation frequency:	33 KHz
Activation:	Footswitch
Dimensions (L x W x H) :	255 x 215 x 85 mm
Weight:	5 kg

# Vet HF surgery units.

## Vet HF-B

Microprocessor-controlled bipolar electrosurgery unit

Safe and reliable device

Perfect for the small animal practice

## Features:

- Maximal output power: 100 Watt
- Operation modes:
  1. CUT - smooth cutting mode
  2. CUT1 - cutting with heightened degree of haemostasis
  3. COAG1 - forced (standard) coagulation
  4. COAG2 - soft coagulation
  5. Bipolar coagulation
  6. Bipolar micro-coagulation
- Independent control cut / coagulation
- Digital display from actual setting
- Automatic saving of the last settings
- Control with a foot or a hand switch
- Sensor for alarm indication in case of an overheating or a technical defective, automatic control of the neutral electrode
- Auto-Diagnostic
- Acoustic and visual alarm

## Technical Data:

Accessories:	Twin footswitch with yellow and blue sections, straight bipolar forceps, 7 active electrodes, neutral plate and main power cable
Working frequency:	500 KHz
Modulation frequency:	33 KHz
Activation:	Twin footswitch and Hand Switched Pencil
Dimensions (L x W x H) :	255 x 215 x 85 mm
Weight:	5 kg
